

EBERT WELCOMES U. S. AMBASSADOR

Houghton Presents Credentials to President of Germany at Formal Ceremony.

PRE-WAR DAYS RESTORED

American Embassy Again Has Diplomatic Staff—Old Relations Resumed.

BERLIN, April 22 (Associated Press).—

The American Embassy in Wilhelmstrasse again houses a fully accredited Ambassador, the concluding formality in effecting complete and formal restoration of diplomatic relations between the United States and Germany having been disposed of at noon to-day when Ambassador B. Houghton placed in the hands of President Ebert his letters of credence, designating him "Ambassador Extraordinary and Plenipotentiary" of the United States Government to Germany.

Accompanied by his staff of secretaries and military and naval attaches, Mr. Houghton proceeded to the executive residence, where President Ebert, attended by Dr. Haniel von Haimhausen, Under Secretary of Foreign Affairs, Councillor von Guellich, also of the Foreign Office, and Councillors Melsener and Walther, the German executive staff, awaited the Ambassador.

The presentation formalities were soon ended, after which the Ambassador presented his credentials, with brief remarks, to which Herr Ebert made the customary response. The two engaged in an informal chat for ten minutes, and then the Americans returned to the embassy.

In addressing President Ebert the Ambassador said: "I have the honor to hand you here-with letters of credence according to your Government as Ambassador Extraordinary and Plenipotentiary of the United States, and I do not need to express to you that I am sensible of the honor the President of the United States has conferred on me in sending me to reside near your Excellency's Government."

"Aside from my instructions, which look toward increasing friendly intercourse between Germany and the United States, and restoration and cultivation of the good will which should exist between them, it is with the greatest pleasure that I express my personal desire to carry out these instructions, and I will attempt in every personal way to bring about a mutual understanding between your Excellency's country and my own."

"I pray that your Excellency, being assured both of my official and personal motives on this point, will find me, having in mind the just interests of my country, of all possible use in bringing this most desirable condition to fulfillment."

President Ebert replied in German that he was happy to accept the credentials and warmly thanked the Ambassador. He noted with great satisfaction

MRS. READ AT MONASTIR TO AID BLAST VICTIMS

American Mission Worker Goes to Help Children.

HERZEGOWINA, Jugo-Slavia, April 22.—Mrs. Read, representing the American mission in Belgrade, has gone to Monastir to give succor to the children who were victims of the great explosion there several days ago.

Technical experts attribute the catastrophe to spontaneous combustion in old explosives.

LONDON, April 22.—A Reuter dispatch from Athens says it has been learned from a Serbian official source that the disaster at Monastir was much exaggerated. The number of victims was not large, and there was no question of rioting.

STILL PAYING NELSON GRANT.
LONDON, April 22.—A grant of \$5,000 made to Admiral Nelson after the battle of Trafalgar, and extended to his descendants, is still continued, the Chancellor of the Exchequer told a questioner in the House of Commons. The grant thus far has cost the Government £685,000.

THE FREEMAN'S JOURNAL WORKING DESPITE RAID
Special Cable to THE NEW YORK HERALD.
Copyright, 1922, by THE NEW YORK HERALD.
New York Herald Bureau, Dublin, April 22.

The Freeman's Journal appeared this morning after surmounting the greatest difficulties with twenty-four pages, which is unusually large for Irish newspapers.

The determination of the owners and the entire staff not to allow the sledge hammers of the extremists to destroy the freedom of the press, but the possible assembling of a complete new battery of linotypes, intertypes and the completion of a large new press, was the result.

Three American linotypes arrived in Belfast last Tuesday. Special crews unloaded them and set them up in the Freeman's Journal plant Thursday morning while firing was going on in Dublin. Details of troops patrolled the streets around the trucks until the machinery was safe in the building.
